

## **Environmental Policy**

At Brother International (NZ) Limited we see it as our moral and global duty to instill in all Brother New Zealand employees, environmental awareness and commitment.

This Policy takes in the Gracefield, Auckland, Wellington and Christchurch facilities.

At Brother International, concern for the environment shall be the cornerstone of all operations.

We are committed to pollution prevention, reducing carbon emissions and reducing waste going to landfill. Through our environmental objectives and targets we will work for continual improvement.

Brother New Zealand will work to ensure we not only meet legal, regulatory and other requirements, but strive to exceed these requirements and to be recognised as being at the forefront of environmentally sound and sustainable business practices.
