1.1 Printer Driver Installation

Note

The model name and serial number are located on the back of the printer.

The driver installation method depends on the connection type:

- [USB Connection \(Windows/Mac/Linux\)](#)
- [Wired Network Connection \(Windows\)](#)

1.1.1 USB Connection (Windows/Mac/Linux)

1. Connect your printer to the computer using a USB cable.
2. Visit support.brother.com, go to your model's **Downloads** page, and download the latest printer driver and software.
3. Run the Seagull Driver Wizard application and select **Install printer drivers** and **USB**.
4. Follow the on-screen instructions.

Note

If you cannot install a printer driver:

- Install a printer driver manually:
In the Seagull Driver Wizard application, select **Install printer drivers > Others**.
 - Remove the printer drivers:
In the Seagull Driver Wizard application, select **Remove printer drivers > Automatically remove all Drivers by Seagull** or **Use advanced printer driver removal options**.
 - Reset the printer settings:
Start the BPM, and then click **Printer Function > Factory Default**.
-

1.1.2 Wired Network Connection (Windows)

1. Connect both the printer and the computer to your router/access point using LAN cables.
The printer automatically receives a default IP address and displays it on the LCD.
2. Visit support.brother.com, go to your model's **Downloads** page, and download the latest printer driver and software.
3. Run the Seagull Driver Wizard application and select **Install printer drivers** and **Network**.
4. Select your printer, and then click **Next**.
5. If your TCP/IP port does not appear in the list, click **Create port** and select **Standard TCP/IP port > New Port**.
6. Type your printer's IP address and port name, and then click **Next**.
7. Click **Finish**.
8. Return to the **Specify Port** window and select the port you created.
9. Follow the on-screen instructions.

Note

If you cannot install a printer driver:

- Remove the printer drivers:
In the Seagull Driver Wizard application, select **Remove printer drivers > Automatically remove all Drivers by Seagull** or **Use advanced printer driver removal options**.
 - Reset the printer settings:
Start the BPM, and then click **Printer Function > Factory Default**.
